### 10 - Jari-Matti LATVALA / Miikka ANTTILA

"It's been a really, really good morning, I surprised myself actually. A front-heavy landing on today's first stage gave me a scare but after that I relaxed. I'm thinking about some changes now for the afternoon loop - I'm expecting more ruts."

### 8 - Craig BREEN / Scott MARTIN

"We broke the damper about 7km before the end of the stage [SS4] and lost the oil straightaway."

### 5 - Thierry NEUVILLE / Nicolas GILSOUL

"The last stage was very slippery and running behind was no advantage. The fight with Jari-Matti is still on - we are enjoying and doing our best. We made some set-up improvements this morning and are going to change the set-up a little more now. Hopefully the car will be better this afternoon."

### 7 - Kris MEEKE / Paul NAGLE

"I'm happy. I found a comfortable rhythm right from the start. The confidence has come back. Here, you don't want to stretch your boundaries much - you are penalised for being just a few millimeters over. After the disappointment on the Monte I'm really happy with where I am."

### 4 - Hayden PADDON / John KENNARD

"Tough. I underestimated the challenge here. It was okay in testing but out here it just doesn't feel right. It's all down to me. Okay, there are some things we can do to the car to give me the confidence but I need more stages to build the feeling."

### 14 - Mads OSTBERG / Ola FLOENE

"It's been a really good morning. We are trying as hard as we can. Okay, I know the first stage today really well but in this car everything is different. It's amazing. The things it can do require a completely different type of driving."
