RALLY SWEDEN ENVIRONMENTAL POLICY

As one of Sweden's largest spectator event, Rally Sweden shall be a leader and good example in environmental work both nationally and internationally. We will profile Rally Sweden as an organizer that puts the environment in all areas all year round, even if the rally takes place in the winter. We want the entire organization to be engaged in environmental work and that each employee and marshal takes environmental considerations into the decisions taken. Successively Rally Sweden through conscious choice will work for the environmental impact to be reduced and we will:

- **Commit to continuously improve our environmental work.**
- **Define clear goals and frameworks for our environmental work.**
- **Educate and inform as many people as possible both within the organisation and externally of our environmental policy.**
- **Comply with relevant environmental laws and regulations, and other environmental requirements as well as the FIA Institute Environmental Certification Framework.**
- **Strengthen our focus on specific aspects of our environmental work regularly through structured and planned work within:**
 - **Seeking cooperation and knowledge exchange with environmental operators to ensure high level quality of our environmental work.**
 - **Observing environmental work and environmental impact when we choose partners and suppliers and strive to choose products and services with proven good environmental performance.**
 - **Seeking to limit our transports' environmental impact as much as possible.**
 - **Saving energy and use renewable energy sources where possible, minimize waste, recycle and energy recycle.**

FIA Environment accreditation

Rally Sweden has become the first motor sport event in the world to achieve accreditation from the FIA Institute's environment programme. The framework forms part of a broader initiative between the FIA and the FIA Institute aimed at evaluating and reducing the environmental impact of motor sport.

One important factor is the number of print-outs made from various documents. Rally Guide 1 and 2 as well as the Supplementary Regulations will only be published on the event website.

We would appreciate all competitors joining us for this management by informing us early the number of Road Books they need (should be less than the regulatory package), so we do not end up throwing a lot of unused materials to recycling.

1. WELCOME AND INTRODUCTION

Welcome to the 66th edition of Rally Sweden!

Rally Sweden will take place 15 - 18 February in the region of Värmland and we will also visit our neighbouring country Norway.

Locations

The Service Park will be established at Torsby Airport. The finish and podium ceremony will also take place at the SP in Torsby. The Start of the Rally will take place in Karlstad, but this year the Rally HQ is moved to Sunne, app. 35 km south from the Service Park.

Route

The total length of the route is 1401 km and the special stages covers about 314 km. Almost 24 % of the special stage kilometers are new compared to last year.

After the shakedown stage on Thursday morning 15 February, the start of the rally and SSS 1 will take place in Karlstad on Thursday evening.

On Friday the rally will, in addition to the stage Torsby, visit Norway and the stages Hof-Finnskog, Svullrya and Røjden (with parts of the stage in Sweden).

The classic stage Vargåsen with the famous Colin's Crest will together with Hagfors and Torntorp form the competitive sections of Saturday. The day will end with a second run on the Superspecial stage in Karlstad as well a short sprint stage in Torsby.

On Sunday the stage Likenä is repeated twice, and the stage Torsby will be the final stage of the rally as well as power stage.

Rally Sweden Historic

For information, a rally with historic cars will take place on Friday and Saturday in conjunction to the WRC rally. They will drive SS2, SS3, SS4, SS9, SS10, SS11 after and SS 8 and SS 16 before the WRC-field.

We hope you will find this document informative and helpful in your preparations.

Welcome to a magic rally week in Sweden and Norway!

5. SERVICE PARK

5.1 LOCATION

The service park will be established at the airport in Torsby

GPS Coordinates: N60 09,138, E12 59,750

Manufacturers and Support Championships

Each team/competitor will be allocated a designated space on the tarmac surface

Legal and private entrants are allocated an area of 10 m x 10 m.

A detailed drawing of the service park and the designated areas are enclosed in Appendix 4 "Drawings".

NB-the driving way and access to each individual area is on the rear side of the allocated areas.

5.2 SERVICE AND AUXILIARY VEHICLES

Service Vehicles

Service vehicles only (identified with Service plates issued by the organizer) are allowed to enter and exit the Service Park. Service cars are only allowed to set-up at times according to Art. 5.4.

For Manufacturers to access the designated service space during the rally the vehicles must carry a Service plate, and use the road on right side of the mediazone.

The number of service plates allowed is included in the entry fee (see Appendix VI in the 2018 FIA WRC Sporting Regulations and Art 4.4.2 in the Supplementary Regulations).

Auxiliary Vehicles

For access to the Auxiliary parking area the vehicles must carry an Auxiliary plate. If a team has space available in their designated area the auxiliary vehicles may be parked there.

Auxiliary plates are in some cases included in the entry fee (see Appendix VI in the 2018 FIA WRC Regulations and Art. 4.4.2. in the Supplementary Regulations). Additional Auxiliary plates may be ordered by using the order form included in Appendix 5.

Trailer Parking

It is possible to park trailers at the end of runway.

5.3 RESTRICTIONS ON THE SERVICE PARK

It is forbidden under any circumstances to drill holes in the tarmac or the ground at the Service Park. Teams and competitors are asked to bring weights for tents and others that need to be fastened.

Teams and competitors are responsible for the occurrence of no leakage of fuel or other liquids on the ground. Inspection will be performed during the weekend.

Smoking is forbidden in the refueling-zones and in front of the overnight parc ferme.

Note! Landing lights are positioned every 50 meter along the runway (1,7 meters from the tarmac). Competitors and teams are asked to be careful, especially at set up and removal of their service area. A fee of 4000 SEK will be charged for each broken landing light.

CLOSER TO RALLY.

5.4 ACCESS TIMES FOR SET-UP

Contact Service Park Manager Adam Magnusson +46 (0)70 6854277, adam@rallysweden.com, for direction to your allocated service area. Teams wishing to bring equipment prior to set up times, must contact Service Park Manager for access to parking areas. Flight traffic is open until Wednesday 7 February, so please respect access times.

IMPORTANT - REGULATIONS IN SWEDEN and NORWAY

8.1 DRIVING IN SWEDEN AND NORWAY

Sweden

All vehicles must be equipped with winter tyres. For current and specific information see:
<http://www.transportstyrelsen.se/en/road/Vehicles/winter-tyres/>

Norway

All vehicles must be equipped with winter tyres. For vehicles with a allowable total weight of over 3500 kg, the vehicle must be equipped with chains.
See the Norwegian Public Roads Administration for more info:
www.vegvesen.no (Link to truck info: www.donnadiesel.no)

9. HELICOPTERS AND DRONES

9.1 HELICOPTERS

The Swedish Transport Agency, Civil Aviation Department, has declared the airspace above the rally area as "Restricted Area". Only helicopters registered with the organizer and following the instructions of the Swedish Transport Agency and the organizer, are allowed to operate in this area.

Note! All foreign Aerial Work operators have to obtain permission for flying in Sweden from the Swedish Transport Agency. For further information please contact:

Swedish Transport Agency Civil Aviation Department:
Phone: +46 (0)771 503 503, e-mail: luffart@transportstyrelsen.se

For safety reasons, the number of helicopters operating in the area will be limited to 30. In addition, briefing for all pilots is mandatory and at the briefing you will receive an information manual containing time tables, maps and information about the Service Park, the special stages, GPS coordinates, refuel information, radio frequencies to be used etc. An administrative fee of 2 000 SEK (excl. VAT) will be charged for this service.

The Registration form will be published on www.rallysweden.com in due time. It will also be sent on request, e-mail to: mailbox@rallysweden.com. The form has to be submitted to the event Helicopter Coordinator on February 2 at the latest.

Amendments for operations in Norway.

According to regulations a Flight Plan has to be submitted before crossing the border between Sweden and Norway. Due to poor low altitude radio coverage in the area a phone number for closing and opening of Flight Plans will be issued in the informations manual.

Information regarding custom clearance before landing in Norway will be given later.
Application for "Restricted Area" has been submitted to the Civil Aviation Authority in Norway.
Information about approval will be given in the information manual. Radio frequency for use in Norway will be issued in the information manual.

15. START PROCEDURE

PRE START SHOW - LINE UP (valid only for selected drivers)

See also Art. 17.

The recce of SS1/15 will be carried out in rally cars in accordance to the recce schedule. The unloading of rally cars before recce should take place at the area marked A on both the recce map in Appendix 2 "Maps" and starting area drawing in Appendix 4 "Drawings"

Before the start of the Rally, a pre start show with an official line-up, presenting selected cars and drivers, will take place 19:05 - 19:30. After the reconnaissance (ending at 18:00) the P1 and P2 drivers selected for line up and autograph session (see art 17) should park their cars at the area marked B on the drawing showing start area (Appendix 4) and then attend the autograph session in building marked C, 18:15 - 18:45.

The P1 and P2 drivers selected for line up must then be present at the area marked B at the latest 19:05 / a time given in a communication.

After the presentation is completed for the selected P1 and P2 cars / drivers the presentator will say "Gentlemen, start your engines". The crews shall step into their cars, start their engines and drive:

- 1) one lap on the trotting course to the start assembly area (marked D) before the start of the rally and SS1
- 2) to the waiting area (E) if there is waiting time before the crews start time at TC1.

START OF THE RALLY

All crews and cars are required to be present in the start assembly area (marked D on the drawing of the start area enclosed in Appendix 4) at the latest 10 minutes before their start time as announced in the start list for section 1.

ACCESS FOR TEAM MEMBERS TO TYRE MARKING ZONE

Parking for team vehicles is available at the area marked F. Access to the arena and the tyre marking area (marked G) will be via point marked H on the attached drawing.

2018 FIA WRC regulations Art. 60.8 will apply in the tyre marking zone.

START ORDER SSS1

The start order for SS1 is left to the discretion of the organiser and will be published on Thursday 15 February at 15:00.

Waiting room / Lounge

In area E there is a restaurant "Stallmästergården" which can be used by crew and teammembers between recce and start of SS1. Warm drinks will be available.

It will be open for this purpose between 16:00 - 22:00.

(This location will be open for the same purpose at 17:00 - 19:00 on Saturday 17 February during regrouping and SS15.)

CLOSER TO RALLY.

16. FINISH CEREMONY AND PRIZE-GIVING PROCEDURE

The finish TC is TC 19A. After the Power stage the prize giving for top three overall will be broadcasted live in TV from the podium at the service park. After finishing the power stage, all cars must immediately after the stop control and TC19A drive to the holding area before the podium at the service park and follow the instructions from the marshals. The overall winner will be called to and presented at the podium first and thereafter the second and third in the overall results will follow.

After the prize giving for the top three overall, the prize giving for all other competitors will follow.

After completing the finish ceremony all cars (except cars subject to final checks) must be driven to the Parc ferme at Service Park

17. PR-ACTIVITIES

AUTOGRAPH SIGNING

Selected drivers and co-drivers are invited to attend the official autograph signing at the Super Special stage (the selected crews to be announced in a communication from the CoC).

Date: Thursday 15. February

Time: 18:15 - 18:45

Place: Indoor grand stand ("Toto-hallen"), Karlstad Super Special Stage (marked C on drawing No 3 "Starting area" in Appendix 4).

19. MEDICAL AND SAFETY SERVICE

Medical information for Sweden and Norway

Citizens from the EU/EEA - countries will receive emergency medical care paying the same patient charge as Norwegian and Swedish citizens. Competitors from these countries must provide an E 111 form, EU card or corresponding document verifying that the person is covered by health insurance, when medical care is required, and should obtain this form before leaving their home country. Citizens from the Nordic countries are not required to provide the E 111 form.

Besides the EU/EEA-countries Sweden and Norway has an agreement with the following countries which guarantees the citizens emergency medical care at the same patient charge as Norwegian and Swedish citizens: Algeria and Australia. Competitors from these countries must also provide an E 111 form, EU card or corresponding document verifying that the person is covered by health insurance. Citizens in other countries than mentioned above have to pay the total cost of treatment plus the patient charge.

CLOSER TO RALLY.

When competing outside their countries, crews must have taken out an international insurance policy covering their repatriation, if necessary, after an accident.

Climate

Given Norway's extreme northerly position, its mainland climate is surprisingly mild. Norway is the northernmost country in the world to have open waters. This is due to the trade winds forced across the Atlantic Ocean by the American continent and the warm currents (known as the Gulf Stream) flowing north from the Equator towards the Norwegian Sea. The lowest minimum temperature recorded is -51 °C in Karjohka - Karasjok in northern Norway. Winter season is from November to March with January and February as the coldest months of the year, normally with temperatures below zero degrees Celsius.
