FIA Environment accreditation

Rally Sweden was the one of the first motor sport event in the world to achieve the accreditation “Achievement of Excellence” from the FIA Institute’s environment programme. During 2022 Rally Sweden achieved Three stars, the highest level, in the FIA’s environmental accreditation framework. Rally Sweden has thus received an important quality receipt for its environmental and climate work. . In 2024 the accreditation will be renewed through an onsite audit by FIA during the event, with the aim of maintaining our Three star level and further improving upon the achievements so far.

Rally Sweden have taken several important steps towards the vision of zero emissions, Rally Towards Zero. Extensive use of fixed electricity from renewable and locally produced sources improved opportunities for visitors to get to the arenas by public transport and cooperation with several environmentally certified key suppliers were some of the environmental advances.

One factor is the number of print-outs made from various documents. Rally Guide 1 and 2 as well as the Supplementary Regulations will only be published on the event website.

We would appreciate all competitors joining us for this management by informing us early the number of Road Books needed (should be less than the regulatory package), so we do not end up throwing a lot of unused documents to recycling.

RALLY SWEDEN ENVIRONMENTAL POLICY

Rally Sweden wants to be the world’s most sustainable rally – both economically, socially, and environmentally.

Our mission is to be driving and inspiring, towards both other global motor events and the event world in general. We do this by:

- Adhering to applicable legislation
- Protecting the environment, for example:
 - Phasing out fossil materials & plastics
 - Accelerating the transition to fossil-free fuels and renewable electricity
 - Reducing waste
 - Decreasing emissions associated with the event
 - Promoting biodiversity
- Consistently creating a strong, engaging, and sustainable experience for the audience
- Being an attractive partner for companies aiming to drive development and influence the world towards new, more sustainable solutions.

The vision is a carbon-neutral Rally Sweden, and we call it “Rally Towards Zero.” To achieve this, we work with three focus areas:

- Zero fossil materials and plastic
- Zero fossil fuels and emissions
- Zero waste left in nature

In relation to the audience, the concept “Leave nothing or no one behind” is communicated, aiming to encourage responsibility for both personal and others’ safety, as well as leaving nature in the same condition as before the event.

1. WELCOME AND INTRODUCTION

**It is our honour to welcome you to Sweden and the 71st edition of Rally Sweden!
The rally will take place 15th - 18th of February in the region of Västerbotten in the north of Sweden.
Our third time in Umeå and we are looking forward to some proper snow stages.**

Locations

The HQ, Media Centre and Service Park will be located at the Nolia Exhibition and Sports arena, in central Umeå.

Umeå's distinctive strengths, in addition to a stable winter climate, are good hotel capacity in combination with Service Park and HQ at the Nolia exhibition and sports area, strongly growing business community and an attractive catchment area in terms of audience.

Route

The total length of the route is 1202,11 km and the special stage length is 300,10 km.

After the shakedown stage on Thursday morning 15th February, the start of the rally will be in the evening at the Red Barn Arena podium in Umeå followed by the first stage, Umeå sprint.

Welcome to a magic winter rally week in Sweden!

According to Article 3.9.4 of the 2024 FIA International Sporting Code, foreign competitors (drivers and co-drivers) need to present their ASN (National Sporting Authority) authorisation giving permission to participate in Rally Sweden 2024.

5. SERVICE PARK

5.1 LOCATION & SERVICE AREA

GPS Coordinates: N63° 50.050' E20° 14.525' Address: Remontstråket 1, 903 22 Umeå
The service park will be established at [Nolia Exhibition area](#) in Umeå (see city map in Appendix 2).

A provisional drawing of the service park is enclosed in Appendix 2 (Maps and drawings).
Manufacturers and other championship entrants will be allocated a designated space in accordance with 2024 FIA WRC Sporting Regulations. Legal and private entrants are allocated an area of 10 m x 10 m.

Cost for additional service space in Service Park area:

Up to 20 m² = 250 SEK + 25 % VAT / m²

Over 20 m² = 475 SEK + 25 % VAT / m²

All additional space requests are subject to availability and organiser agreement. The organiser cannot guarantee any service space exceeding those given above and in the FIA WRC Sporting Regulations, Appendix VI. Requests received after 31st January will only be considered for a doubled price, if at all.

A layout of each competitors/teams service area must be sent to andreas@rallysweden.com by 31st January.

If a competitor has multiple competition cars to be located together in Service Park, the application for consecutive Service Areas must be sent to andreas@rallysweden.com by Tuesday, 31 January. Applications after 31 January cannot be guaranteed.

A provisional drawing of the service park is enclosed in Appendix 2 (Maps and drawings).

We are proud to still be able to provide 100% sustainable electricity from renewable energy sources. Distributed from the power grid with high availability.

CLOSER TO RALLY.

5.2 SERVICE AND AUXILIARY VEHICLES

Service Vehicles

Only vehicles with service plates (issued by the organizer) are allowed to enter the Service Park. **The sticker plate must be affixed inside the vehicle, on the upper side of the windshield.**

To enter the Service Park during the rally all vehicles must carry a service plate and use the western gate according to map of the Service Park (enclosed in Appendix 2 Maps and drawings). **The vehicles must be parked inside the designated area.** If the vehicles do not fit in the competitors designated area, they must be parked at the Auxiliary parking. Space is limited at the Service Park. Please respect service times to avoid congestion.

The number of service plates allowed is included in the entry fee (see Appendix VI in the 2024 FIA WRC Sporting Regulations and Art 4.5 in the Supplementary Regulations).

Auxiliary Vehicles

For access to the Auxiliary parking area, the vehicles must carry an Auxiliary plate or Service plate. The sticker plate must be affixed inside the vehicle, on the upper side of the windshield.

Auxiliary plates are in some cases included in the entry fee (see Appendix VI in the 2024 FIA WRC Regulations and Art 4.5 in the Supplementary Regulations). Additional Auxiliary plates may be ordered by using the order form included in Appendix 5.

Trailer Parking

There is a trailer parking 10 minutes from service park (see map in Appendix 2). Trailer parking is open every day from 07:00 to 19:00.

5.3 RESTRICTIONS ON THE SERVICE PARK

Teams and competitors are responsible for following all requirements:

- Teams and competitors are asked to bring weights for tents and others that need to be fastened.

Sunday	18 February	05:00-14:00

5.10 WATER SUPPLY

Fresh water will be available at the Service Park (distributed by a water truck).

5.11 ENVIRONMENTAL REQUIREMENTS

Teams and competitors are responsible for following all requirements:

- No leakage of fuel or other liquids on the ground:
 - Spill mats are to be kept under the cars at all times.
 - Spill trays and appropriate protection equipment is placed underneath hazardous fluids containers (e.g. fuel drums, canisters). These should be fixed in such a way that they are not able to fall over.
- All fuel connection to heaters and power generators must be visible.
- Any detected fuel leakage may force the teams to dismantle their units and tents during the rally.

Inspection will be performed during the weekend.

We kindly ask teams and competitors to use the recycling areas arranged at the service park (marked on the Service Park drawings).

- Garbage containers will be available for combustible waste.
- Oil, drums, spare parts etc may not be left on the area under any circumstances.
- A special container for Hazardous Waste will be put in the Service area marked Eco-Simplex, in this the teams can place oil, fluids, lamps, electronic waste, absorbents etc.
 - Empty drums and spare parts can also be put in or close to this container. Make sure that everything is labelled and/or easily recognizable

5.11.1 Best practices

Oil drums are properly secured, and the ground is protected by two layers of spill covers.

Waste drums for fluids are properly labeled.

5.11.2 Things to avoid

Inadequate protection against ground pollution in case of spills

Spill trays under fuel drum and generator are not in place

Washing of car parts over open ground without proper ground protection

These types of mats need to have a second layer underneath to catch fluids running through the holes

Usage of paint/chemicals next to open ground/water sources

18.2 MEDIA ACCREDITATION PROCEDURES

The Media Pass is considered as a working tool for journalists, and it cannot be used for public relations, promotions or entertainment purposes. No advertising, public relation agency or similar company or organisation will be accredited as media. Nor will the rally issue any media accreditation to representatives (press officers or otherwise) of sponsors, suppliers, teams, drivers etc. Exemptions will be made solely by the FIA WRC Media Delegate.

The Accreditation Guidelines and criteria for 2024 FIA WRC Events are published on the FIA website. Please carefully read the Accreditation Guidelines and watch the Media Safety Video to ensure all the requested information is included and that the application is forwarded to the correct organisation before submitting the application.

18.2.1 National media

Applications from Swedish print and website media, television and radio broadcasters, will be made through a form which can be found at rallysweden.com/media between the opening and closing time. All television and radio broadcasters' applications will be relayed and liaised with WRC Promoter by the Accreditation Manager. Our accreditation office can assist you with questions regarding your application, please e-mail accreditation@rallysweden.com for assistance.

After the deadline the list of proposed national media accreditations will be sent to the FIA and WRC Promoter for final approval. Confirmation of the accreditation together with further instructions will be sent via email once the accreditation is confirmed. Please read the instructions in the confirmation email carefully of what credentials the representative will have to bring when showing up at the accreditation desk.

NB! The central and local offices of the major international press agencies will always be accredited solely by the FIA. Please refer to the below section for guidance.

18.2.2 International media

Application for media accreditations from international media (International publications, photographers, websites and press agencies) should be applied to the FIA, see further information at the FIA website: <https://wrc.ams.fia.com>

If the application is successful, an Individual Acknowledgement will be included in the confirmation email. This document is to be signed both, by the editor of the publication, and the accredited party. The document must be presented, when arriving at the event to collect credentials. **NO ACCREDITATION CAN BE COLLECTED WITHOUT THIS DOCUMENT.**

19. MEDICAL AND SAFETY SERVICE

Medical information for Sweden

Citizens from the EU/EEA - countries will receive emergency medical care paying the same patient charge as Swedish citizens. Competitors from these countries must provide a European Health Insurance Card verifying that the person is covered by health insurance, when medical care is required, and should obtain this form before leaving their home country. Citizens from the Nordic countries are not required to provide the European Health Insurance Card.

Besides the EU/EEA-countries Sweden has an agreement with the following countries which guarantees the citizens emergency medical care at the same patient charge as Swedish citizens: Algeria and Australia. Competitors from these countries must also provide a European Health Insurance Card, EU card or corresponding document verifying that the person is covered by health insurance. Citizens in other countries than mentioned above must pay the total cost of treatment plus the patient charge.

When competing outside their countries, crews must have taken out an international insurance policy covering their repatriation, if necessary, after an accident.
