## *FIA ENVIRONMENT ACCREDITATION*

Rally Sweden was one of the first motor sports events in the world to achieve the accreditation "Achievement of Excellence" from the FIA Institute's environment programme. During 2022 Rally Sweden achieved Three stars, the highest level, in the FIA's environmental accreditation framework. The FIA onsite audit during the 2024 event resulted in the event maintaining the same level. Rally Sweden has thus received and maintained an important quality receipt for its environmental and climate work.

Rally Sweden have taken several important steps towards the vision of zero emissions, Rally Towards Zero. Extensive use of fixed electricity from renewable and locally produced sources, along with improved opportunities for visitors to get to the arenas by public transport, and cooperation with several environmentally certified key suppliers, are some of the environmental advances.

One factor is the number of printouts made from various documents. Rally Guide 1 and 2 as well as the Supplementary Regulations will only be published on the event website.

We would appreciate all competitors joining us for this management by informing us early the number of Road Books needed (should be less than the regulatory package), so we do not end up throwing a lot of unused documents to recycling.

## *RALLY SWEDEN ENVIRONMENTAL POLICY*

Rally Sweden wants to be the world's most sustainable rally – both economically, socially, and environmentally.

Our mission is to be driving and inspiring, towards both other global motor events and the event world in general. We do this by:

- Adhering to applicable legislation
- Protecting the environment, for example:
  - Phasing out fossil materials & plastics
  - Accelerating the transition to fossil-free fuels and renewable electricity
  - Reducing waste
  - Decreasing emissions associated with the event
  - Promoting biodiversity
- Consistently creating a strong, engaging, and sustainable experience for the audience
- Being an attractive partner for companies aiming to drive development and influence the world towards new, more sustainable solutions.

The vision is a carbon-neutral Rally Sweden, and we call it "Rally Towards Zero." To achieve this, we work with three focus areas:

- Zero fossil materials and plastic
- Zero fossil fuels and emissions
- Zero waste left in nature

In relation to the audience, the concept "Leave nothing or no one behind" is communicated, aiming to encourage responsibility for both personal and others' safety, as well as leaving nature in the same condition as before the event.

## 1. WELCOME AND INTRODUCTION

It is our honour to welcome you to Sweden and the 72<sup>nd</sup> edition of Rally Sweden!  
The rally will take place 13<sup>th</sup> – 16<sup>th</sup> of February in the region of Västerbotten in the north of Sweden.  
Our fourth time in Umeå and we are looking forward to some proper snow stages.

### Locations

The HQ, Media Centre and Service Park will be located at the Nolia Exhibition and Sports arena, in central Umeå.

Umeå's distinctive strengths, in addition to a stable winter climate, are good hotel capacity in combination with Service Park and HQ at the Nolia exhibition and sports area, strongly growing business community and an attractive catchment area in terms of audience.

### Route

The total length of the route is 1064,31 km and the special stage length is 301.16 km. The rally has 34,9 % new stages in the itinerary.

After the shakedown stage on Thursday morning 13th February, the start of the rally will be in the evening at the Red Barn Arena podium in Umeå followed by the first stage, Umeå sprint.

Welcome to a magic winter rally week in Sweden!

### 5.1. LOCATION AND SERVICE SPACE

GPS Coordinates: N63° 50.050' E20° 14.525'

Address: Remontstråket 1, 903 22 Umeå

The service park will be established at [Nolia Exhibition area](#) in Umeå (see city map in Appendix 2).

Manufacturers and other championship entrants will be allocated a designated space in accordance with 2025 FIA WRC Sporting Regulations.

Legal and private entrants are allocated an area of 10 m x 10 m.

Cost for additional service space in Service Park area:

Up to 20 m<sup>2</sup> = 250 SEK + 25 % VAT /m<sup>2</sup>

Over 20 m<sup>2</sup> = 500 SEK + 25 % VAT /m<sup>2</sup>

All additional space requests are subject to availability and organiser agreement. The organiser cannot guarantee any service space exceeding those given above and in the FIA WRC Sporting Regulations, Appendix VI. Requests received after 29<sup>th</sup> of January will only be considered for a doubled price, if at all.

If a competitor has multiple competition cars to be located together in Service Park, the application for consecutive Service Areas must reach the Organiser by Wednesday 29<sup>th</sup> of January. Applications after 29<sup>th</sup> of January cannot be guaranteed.

A provisional drawing of the service park is enclosed in Appendix 2 (Maps and drawings).

The electricity at the service park will be 100% sustainable electricity from renewable energy sources. Distributed from the power grid with high availability.

#### **5.14. HEATED TENTS**

Heated tents can be ordered by local supplier Renthall. Orders after 31<sup>st</sup> of December cannot be guaranteed.

Contact Renthall for offers and to place your order:

Email: [info@renthall.se](mailto:info@renthall.se)

Phone: +46 (0)90-14 25 60

Electricity for the heaters needs to be ordered separately. Order form for electricity will be available together with Rally Guide 2.

### 18.2. MEDIA ACCREDITATION PROCEDURES

The Media Pass is considered as a working tool for journalists, and it cannot be used for public relations, promotions or entertainment purposes. No advertising, public relation agency or similar company or organisation will be accredited as media. Nor will the rally issue any media accreditation to representatives (press officers or otherwise) of sponsors, suppliers, teams, drivers etc. Exemptions will be made solely by the FIA WRC Media Delegate.

The Accreditation Guidelines and criteria for 2025 FIA WRC Events are published on the FIA website. Please carefully read the Accreditation Guidelines and view the Media Safety Video to ensure all the requested information is included and that the application is forwarded to the correct organisation before submitting the application.

#### 18.2.1. National media

Applications from Swedish print and website media, television and radio broadcasters, will be made through the EVENTHOS platform. Information about accreditation guidelines as well as opening and closing dates, as the link to the platform will be available on [rallysweden.com/media](http://rallysweden.com/media) from December.

All applications from non-licensed national television and radio broadcasters' will be relayed and liaised with WRC Promoter by the Accreditation Manager. Our accreditation office can assist you with questions regarding your application, please e-mail [accreditation@rallysweden.com](mailto:accreditation@rallysweden.com) for assistance.

After the deadline the list of proposed national media accreditations will be sent to the FIA and WRC Promoter for final approval. Confirmation of the accreditation together with further instructions will be sent via email once the accreditation is confirmed. Please read the instructions in the confirmation email carefully of what credentials the representative will have to bring when showing up at the accreditation desk.

NB! The central and local offices of the major international press agencies will always be accredited solely by the FIA. Please refer to the below section for guidance.

#### 18.2.2. International media

Application for media accreditations from international media (International publications, photographers, websites and press agencies) should be applied to the FIA, see further information at the FIA website: <https://wrc.ams.fia.com>

If the application is successful, an Individual Acknowledgement will be included in the confirmation email. This document is to be signed both, by the editor of the publication, and the accredited party. The document must be presented, when arriving at the event to collect credentials. **NO ACCREDITATION CAN BE COLLECTED WITHOUT THIS DOCUMENT.**

### **18.2.3. Commercial media**

Commercial photographers, international television and radio broadcasters, any media wishing to broadcast audio or moving images, should be directed to WRC Promoter: [accreditation@wrc.com](mailto:accreditation@wrc.com)

NB! Non-licensed Swedish broadcasters should apply directly to [accreditation@rallysweden.com](mailto:accreditation@rallysweden.com) who will liaise the request with the promoter.

### **18.3. MEDIA ACCREDITATION AT THE EVENT**

Media accreditation for the event will be established within the Rally HQ at Nolia Exhibition area in Umeå. Further information will be sent out with the accreditation agreement email for those concerned.

## **19. MEDICAL AND SAFETY SERVICE**

Medical information for Sweden

Citizens from the EU/EEA - countries will receive emergency medical care paying the same patient charge as Swedish citizens. Competitors from these countries must provide a European Health Insurance Card verifying that the person is covered by health insurance, when medical care is required, and should obtain this form before leaving their home country. Citizens from the Nordic countries are not required to provide the European Health Insurance Card.

Besides the EU/EEA-countries Sweden has an agreement with the following countries which guarantees the citizens emergency medical care at the same patient charge as Swedish citizens: Algeria and Australia. Competitors from these countries must also provide a European Health Insurance Card, EU card or corresponding document verifying that the person is covered by health insurance. Citizens in other countries than mentioned above must pay the total cost of treatment plus the patient charge.
